#### Auditing the Facility List in the NACOR Dashboard

February 2021

American Society of Anesthesiologists®

aqihq.org

### **Facility List Fields**

The following fields are <u>required</u> on the Facility List in the NACOR Dashboard and should be completed by the practice:

- **Practice Specific Facility ID**: Text field. This ID # is a self-generated, practice specific ID
  - Used by your anesthesia billing software to identify the facility where the case was performed. Work with their billing vendor to obtain this information. This is also the facility identifier in your data file to AQI. AQI will use this ID in your practice reports, so it is important that these are consistent in both the Facility List and the monthly data submissions.
- **Facility Type** Select from the following options in the drop down

University Hospital	Outpatient Surgery Center
Large Community Hospital (>500 beds)	Freestanding Surgery Center
Medium Community Hospital (100-500 beds)	Pain Clinic
Small Community Hospital (<100 beds)	Surgeons Office
Specialty Hospital	Dental Office

### **Facility List Fields**

 Facility Name: This ID should match the facility ID provided on your practice's data submission file. If this ID does not match the ID submitted on the case data this information will not link to the case.

The following fields are optional:

- **Facility CMS Certification Number**: Text/6 digits. Formerly known as the Facility Medicare Provider Number assigned by CMS.
- **Facility Address**: Enter the street address for your facility.
- **Facility City**: Enter the city in which your facility is located.
- **Facility State**: Enter the state in which your facility is located.
- **Facility Zip Code**: Enter your facility's zip code.

# Access the Facility List in the NACOR Dashboard

- <u>https://aqi.epreop.com/login</u>
- Select the Admin Icon in the menu on the left side of the screen
  Admin
- Select the Practice Admin

# Access the Facility List in the NACOR Dashboard

- Select the Facilities Tab located at the top right corner

### **Facilities List**

- Facility list will display all facilities associated with your practice

NACOR <sup>®</sup> Anesthesia Quality Institute®	ORS Test Practice - Fa	acilities				Practice Reporting Options	Facilities Vendors Contacts Providers
