Consent forms required for 2017 individual quality reporting

The Centers for Medicare & Medicaid Services (CMS) requires AQI's NACOR to collect consent forms from each Eligible Clinician who is enrolled in individual quality reporting for 2017. Practice champions and additional contacts of practices enrolled in individual reporting should expect to receive communication from AQI this week regarding the consent collection process. Encourage your practices to log into their [NACOR Dashboards](#) to confirm their quality reporting options.
