## **AQI vendor webinar scheduled November 15**

AQI is hosting a vendor webinar at 1:30 p.m. Central, Wednesday, November 15. [Register online](#) now.

## **Don't wait until the deadline**

Uploading data to NACOR monthly enables practices time to review their data for completeness and accuracy prior to CMS submission. This allows your clients sufficient time to identify inaccuracies in their data. Quality data from January through November 2017 is due to by Wednesday, January 31, 2018, and quality data for December 2017 is due by Thursday, February 15, 2018. Data will not be accepted after February 15.

## **Consent forms required for 2017 individual quality reporting**

The Centers for Medicare & Medicaid Services (CMS) requires AQI's NACOR to collect consent forms from each Eligible Clinician who is enrolled in individual quality reporting for 2017. If they haven't already, practice champions and additional contacts of practices enrolled in individual reporting should expect to receive communication regarding the consent collection process from AQI by the end of this week.
